融合互动是新工作世界的核心主题。

CHANCE ENCOUNTERS ANE A CORE THEME OF THE NEW WORKING WORLD

New working methods are based on communication,exchange and collaboration.Chance encounters are a core theme of the new working world.Rigid furnishing rules are therefore no longer appropriate. Modern office concepts make use of the most diverse room shapes and furnishing styles.It is noticeable that both room and furniture design are very similar to those of a home environment,and in some cases are indistinguishable.Creativiity and communication need an appeling environment in which people like to spend time.

新的工作方法基于沟通、交流和协作为起点，融合互动是新工作世界的核心主题。因此，刚性的空间装饰规则已不再适用，现代办公空间概念利用了最多样化的空间分类和家具风格。值得注意的是，办公空间和收纳存储家具的设计与家庭环境有相似之处，在某些情况下是无法完全区分的。创意和沟通需要一个吸引人的环境，人们喜欢在这样的空间里度过美好的时光。

“设计与收纳存储空间”

"Designed storage space"

Storage space takes on a new meaning for these working worlds which are geared to future.In addition to the classic cabinet for storing files or office supplies,modern organisational furniture can structure rooms,probide screening and at the same time assume acoustic functions.
In modern workong structures,central libraries,mail distribution compartments,cloakroom elements and lockers are important building blocks for non-territiorial working environments.When combined with integrated seating,they become the central contact point in everyday office office life.
Modern storage furniture should be individually designable.Furniture that creates atmosphere in the room,that becomes a special piece of furniture due to its choice of colours and materials and that in its elegance can be combined with many furnishing styles.We are talking about"designed storage space".

对于这些面向未来的工作世界，收纳存储空间具有新的意义。除了用于存储文件或收纳办公用品的经典功能之外，现代化的收纳存储家具还可以构造房间，提供隔声并同时承担声学功能。
在现代工作结构中，企业图书馆、文件分发室、衣帽间和储物柜是非领土工作环境的重要组成部分。当与集成式办公系统结合使用时，它们便成为日常办公室生活中的主要联络点。
现代收纳存储家具应该是个性化设计的，由于其颜色和材料的多样选择而成为一种装饰型的功能家具，并且其优雅可以与许多家具风格相结合。 这正是我们探索“设计与收纳存储空间”的应用价值。
